## Grand Canyon Gas Logs

Established in 2013 Grand Canyon Gas Logs was designed to bring quality, realism and American manufacturing back to the hearth industries gas log market. Scouring the South West for the perfect logs, each log is individually cast and hand painted to perfection. Grand Canyon Gas Logs is a combination of the industry's most authentic looking ceramic refractory logs and the highest quality manufactured array of burners. Designed, engineered and manufactured in the United States, Grand Canyon Gas Logs craftsman pour American pride into each log and burner they build. Manufactured in the heartland of America, our burners are made of 20 gauge 304 thickness stainless steel and feature a fully welded frame for superior quality that is unmatched in the gas log market. All products manufactured by Grand Canyon Gas Logs carry a lifetime warranty when installed inside your fireplace. Take a look at our full line of indoor and outdoor products to truly understand the Grand Canyon Gas Log difference.

## Who Is Kyle?

Kyle is a real bearded man scanning the Arizona country side in search of the finest logs. This is not a mythical creature that we have created but a real person that would love to shake your hand. Kyle's jolly spirit is infectious and his tenacity and work ethic is unmatched by any log hunter of his kind. The spirit of Kyle is the foundation of Grand Canyon Gas Logs striving to bring reality to an old industry. Grand Canyon Gas Logs, "Real Logs From Real People".
